

Autolus Therapeutics to host Investor Conference Calls through June

May 26, 2020

LONDON, May 26, 2020 (GLOBE NEWSWIRE) -- Autolus Therapeutics plc (Nasdaq: AUTL), a clinical-stage biopharmaceutical company developing next-generation programmed T cell therapies, today announced that management will host investor conference calls through June:

- **1 June 2020** - Dr. Christian Itin, chairman and chief executive officer, along with the AUTO3 clinical team, will host an investor call and webcast at 8.30 am EDT, 1.30 pm BST to discuss presentations related to its AUTO3 program, the company's CAR T cell therapy being investigated in the Alexander study, a Phase 1/2 study in relapsed/refractory diffuse large B cell lymphoma (DLBCL), during the **Annual Society of Clinical Oncology 2020 (ASCO20) Virtual Scientific Program**. After the conference call, a replay will be available for one week.
- **4 June 2020** - Dr. Christian Itin, chairman and chief executive officer, will participate in a fireside chat at the [Jefferies Global Healthcare Conference](#) at 8.30 am EDT, 1.30 pm BST and will also host virtual one-on-one meetings. A live audio webcast of the fireside chat will be available on the investor relations section of Autolus' website at <https://www.autolus.com>. An archived replay will be available on the company's website for a period of 90 days after the conference.
- **10 June 2020** - Dr. Christian Itin, chairman and chief executive officer, will participate in a fireside chat at the [Goldman Sachs Healthcare Conference](#) at 09.40 am EDT, 2.40 pm BST on 10 June. A live audio webcast of the fireside chat will be available on the investor relations section of Autolus' website at <https://www.autolus.com>. An archived replay will be available on the company's website for a period of 90 days after the conference.
- **15 June 2020** - Dr. Christian Itin, chairman and chief executive officer, along with the AUTO1 and AUTO3 clinical teams, will host an investor call and webcast at 8.30 am EDT, 1.30 pm BST to discuss presentations related to its AUTO1 and AUTO3 programs, the company's CAR T cell therapies being investigated in Phase 1/2 studies of adult Acute Lymphocytic Leukemia (ALL) and relapsed/refractory Diffuse Large B Cell Lymphoma (DLBCL), respectively, at the **European Hematology Association EHA25 Virtual Congress** on June 11 – 14, 2020. After the conference call, a replay will be available for one week.
- **25 June 2020** - Dr. Christian Itin, chairman and chief executive officer, along with the AUTO5, AUTO6NG and AUTO7 clinical teams, will host an investor call and webcast at 8.30 am EDT, 1.30 pm BST to discuss presentations related to its next-generation programmed T cell therapies in T cell lymphoma, small cell lung cancer and prostate cancer, respectively, at the **American Association for Cancer Research (AACR) Virtual Annual Meeting II** on Jun 22 - 24, 2020. After the conference call, a replay will be available for one week.

About Autolus Therapeutics plc

Autolus is a clinical-stage biopharmaceutical company developing next-generation, programmed T cell therapies for the treatment of cancer. Using a broad suite of proprietary and modular T cell programming technologies, the company is engineering precisely targeted, controlled and highly active T cell therapies that are designed to better recognize cancer cells, break down their defense mechanisms and eliminate these cells. Autolus has a pipeline of product candidates in development for the treatment of hematological malignancies and solid tumors. For more information please visit www.autolus.com.
